Feedback Requested to Aurizon Proposed Changes

Dear Members,

Aurizon have sent you all emails requesting feedback on a number of important procedures and standards they are seeking to amend.

- Shunting Standard, can be found [here](#)
- Isolation and Lockout procedure, can be found [here](#)
- Consolidate Risk Management Procedure and Risk Assessment Template, can be found [here](#)

I encourage all members to raise any concerns with the attached consultation docs through the Aurizon feedback email.

Your State Office will also be providing feedback to the company and we ask that you send any concerns or issues you have with the proposed documents to statesecretary@afule.org.au. We ask that this feedback is provided to us by COB Wednesday 22 January 2020 to allow us to include your concerns in our response which is due by COB Friday 24 January.

In Solidarity,

Michael McKittrick
