

AUSTRALIAN FEDERATED UNION OF LOCOMOTIVE EMPLOYEES

CIRCULAR: 17 - 11

2 June 2011

Dear Members

HEALTHY HEROES PILOT PROGRAMME

Queensland Rail will soon be offering Traincrew voluntary participation in a pilot health program called Healthy heroes.

The AFULE advises our drivers and guards **NOT** to take part in the pilot program.

The AFULE maintains it has not been adequately consulted about the program and we hold a number of concerns about how participating may affect any potential work cover claims and potential use of evidence of participation to create a higher workplace accountability for our members.

If you have queries about the program please contact your state office on 3257 1151.

Yours Fraternally

Greg Smith
