PN Coal 2022 EA Meeting

Dear Traincrew,

Friday the AFULE and RTBU bargaining representatives met with Pacific National Coal GM Brendan Sellens and other PN Coal management representatives.

The purpose of this meeting was to come together as a collective and endeavour to find a way forward. We shared feedback from PN Coal employees, and discussed refinements based on that feedback.

Some refinements to already agreed items will help to enhance the EA, without the need to reopen the agreement.

We were able to find refinements on ROP transition, and Coppabella roster within the framework that there is no additional cost to PN within the package we have negotiated.

48 hour notifications were hotly debated, but that had LU/LB implications. We could not find refinements or common ground that was cost neutral.

We will meet again next Wednesday to further discuss some items mentioned and will advise you of the outcome of that meeting.

Please contact us on traincrew@afule.org.au or 3844 9163 if you would like further information.

In Solidarity,
