AFULE Feedback Request: RDC Reported Locomotive Faults

The AFULE are asking members to report WHS faults with locomotives within the Aurizon Fleet. We are seeking information relating to air conditioners, rust holes, blown display lighting, no water on board etc.

This form will be used for the AFULE to formulate a comprehensive suite of evidence to provide to the company, Workplace Health and Safety Queensland and/or the Fair Work Commission. Your personal names will not be used by the AFULE unless we approach you and you agree.

Name _____

Date _____

Time _____

Locomotive # with fault _____

Time Reported to RDC _____

Person reported to at RDC _____

Outline details of locomotive fault/s:

Where you come across faults with your locomotives, please inform the RDC and also return this form to your local AFULE delegate or via email directly to the state office at office@afule.org.au
