Courier Mail Takes Aim at Wages

Dear Members,

The courier mail has once again taken aim at Traincrew, specifically this time in regard to yearly earnings.

Although largely inflated, the true story has not been told in the press. The true story is that you have been dragging Citytrain through rail fail for close to 18 months. The true story is Traincrew have been working CBO to CBO to ensure the timetable runs. The true story is Traincrew have been working CBO to CBO to ensure trainee drivers and guards are ready for the Commonwealth Games. The true story is that you have largely put your personal lives on hold to ensure that Queenslanders get to and from their workplaces and their homes.

Working so much, is it really a shock that you are being fairly compensated?

You should all hold your heads up high. The courier mail does not want to hear your story or know about the sacrifices you've made to keep the network running.

You have and always will have the support of your union. We will continue to advocate for you, we will continue to support you, we will continue to be traincrew representing traincrew.

If you have any questions, please contact our office on 07 3844 9163, email statesecretary@afule.org.au or find us on [Facebook](#).

Yours fraternally

Greg Smith
State Secretary
